

Directory of Home Health Agencies and Hospices in Kentucky

2006-2007 Edition

A great source for detailed information on licensed home health agencies, hospices, adult day health and other home care agencies serving Kentucky! Agency listings include physical location, mailing address when other than location address, phone numbers, counties served by each agency, branch office information, availability of Medicare/Medicaid-certified services, availability of private duty care and special programs, contact persons with whom care can be arranged and accepted payors. Other home care services are listed in a separate sections. Providers include Adult Day Health, private duty services, computer services, consultants, medical supplies/equipment, pharmacies and other KHHA members.

An invaluable source for anyone requiring or referring to home health services, *A Directory of Home Health Agencies and Hospices in Kentucky* is also an excellent referral and networking source for those in the home care industry or those desiring to transact business with the representatives of licensed home care services in Kentucky and related suppliers and services.
